

# THE DEAL

## THE STUDENT CHARTER

Co-created by UCEN Manchester students, staff and the Students' Union, The Deal represents the professional standards and behaviours that students and staff are expected to commit to.

We are committed to enabling students to reach and exceed their ambitions, by creating an ever-improving academic and social experience, in which students are supported to achieve.

We believe this is best achieved through a strong collaborative relationship with our students, supported by our Student Voice team and the Students' Union.

In committing to The Deal, students and staff are supporting our values to provide a learning environment that promotes high aspirations, standards and successful student outcomes.

RESPECTFUL
